Property Management Maintenance Alerts

Benefits:

With Intelligent Airwave's Paragon Mobile Platform™ you can easily and automatically:

- ◆ Distribute daily reminders and assignments, and dispatch maintenance personnel to perform regularly scheduled property maintenance tasks.
- ◆ Keep work crews informed of emergencies or other unplanned work requests (A/C failures, water damage, other emergency needs etc.)
- ◆ Increase efficiency, reduce costs, and maintain property values.
- ◆ Make your property management services more "user friendly".

The Case:

In today's increasingly competitive property management world, keeping your commercial and residential customers happy by providing prompt service calls and knowledgeable service personnel can mean keeping a tenant. The efficient assignment of work tasks and the smart utilization of maintenance personnel will minimize costs and maintain the value of your properties. In these complex times, tenants need to be able to concentrate on their business, not yours.

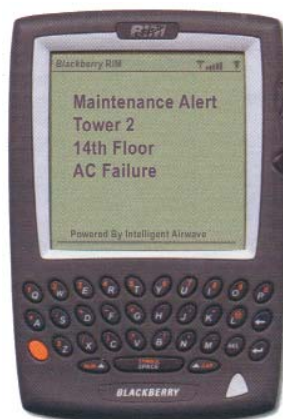

The Solution:

With Intelligent Airwave, you can let diverse maintenance personnel know their latest, most up-to-date work assignments on the wireless device of your choice. And you can do it proactively and automatically. Increasing efficiency, maintaining property value, and cutting your costs.
