Government/Law Enforcement Alerts

Benefits:

With Intelligent Airwave's Paragon Mobile Platform™ you can easily and automatically:

- ◆ Rapidly alert various Government and/or Law Enforcement agencies to changes in security threats and notifications.
- ◆ Share data and status changes regarding critical security issues between Federal/State Governments and National/Local Law Enforcement agencies.
- ◆ Inform Management, Supervisory, and Field Personnel of new security concerns or threats.
- ◆ Foster improved cooperation and communication between disparate agencies, jurisdictions and Governments.
- ◆ Enable effective security and threat mitigation programs.

The Case:

In today's changing world, keeping all of the necessary Government and Law Enforcement Agencies informed is vital. And having all these different enforcement groups working effectively together is a major challenge. Effective prevention and security measures can be enhanced with the rapid dissemination of critical, time-sensitive information to personnel via wireless devices.

The Solution:

With Intelligent Airwave, Government and Law Enforcement Agencies can keep each other informed, greatly improving cooperation and threat mitigation. Agencies can share critical time sensitive security data proactively 24 hours a day, yet at the same time maintain the integrity and confidentiality of individual databases and information. We provide Government and Law Enforcement security professionals the tools necessary to share critical information automatically via wireless devices. Enhance threat mitigation and prevention programs, improve security awareness and work more effectively together.
